President Greg Hipple

Planting season is upon us here in the Midwest. Spring calving is still underway and everything is green again. The annual renewal of life.

Pat and I have just returned from our first trip to New England where we attended the Spring Council Meeting, held in conjunction with the National Belted Galloway Sale, and the New England Galloway Group's events that surrounded the sale. We saw things for the first time throughout the entire trip. The history and pristine sights were everywhere. The farms that so graciously gave of their time during a busy few days made our trip complete. Just another example of the generosity I have experienced throughout my tenure on Council! The cooperation of the participants in the sale, and all the events held for the youth Thursday through Sunday in Fryeburg, Maine were exemplary. My congratulations to all involved for being such remarkable examples for everyone.

The Council meeting held at Fryeburg, Maine every three years, was another busy meeting with a full agenda. I have to thank all in attendance for taking the time, effort, and expense to travel, participate, and tend to the business of the Society. Council made, in my opinion, major advancements

towards continuing the fulfillment of the mission statement of the Belted Galloway Society, *"The object is to promote the Belted Galloway breed of cattle, to preserve the purity of the breed by maintaining pedigree records and data, to disseminate information relative to said breed of cattle and to carry on all legal and proper activities to effectuate the primary purpose of the corporation."* All the details of the business conducted by your members of council appear elsewhere in this edition.

Enjoy the rest of spring everyone. I hope to see you at one of the various upcoming summer events hosted by the regional groups throughout the country.

### About Classifieds

- ◆ **Your classified's required contact information** — name, farm, location, phone and email. All classified ads are automatically placed on beltie.org with a two-month limit on classified insertions. Photos are \$10 placed on beltie.org only. Email ads to executivedirector@beltie.org or by fax (608) 527-4811 or phone (608) 220-1091. We encourage members to submit ads the last two weeks of the month.
- ◆ **About bulls** ... Before advertising a young male be sure he is well conformed, tracks properly, has good legs and feet, and exhibits good weight gains. We should have data available on his birth weight, 205-day weaning weight, and yearling weight. If he's reached breeding age (around 18 months), it's definitely a plus to have his semen checked for quantity and motility, and uniform scrotal development (two normal sized testicles). Any data available should appear in your advertisement along with his birth date and the names of his sire and dam. **It is required that registration numbers be included on bulls advertised for sale in the classifieds.**

## Belted Galloway Junior Association

Janie Tripp, Co-Chair of the  
BGJA

Happy Spring! I just returned from the New England Belted Galloway Regional Junior National. It is the third year for the event. I was so impressed and proud of our junior members!

I am pleased to announce that the second annual BGJA Jackpot Steer show to be held during the Kathi Jurkowski Junior Show in Louisville, KY in November. There will be very lucrative incentives to show a steer at the event. The Grand Champion steer will be awarded a \$1000 cash prize and the Reserve will win \$500!

Also returning to Louisville is the BGJA photography contest. I hope the membership has enjoyed some of the photos featured in the *US Beltie News*. Many were part of the 2016 contest. Submit your 1 MB images by email to Joanna Posey at five\_oaksfarm@yahoo.com. If you have questions contact Joanna at (601) 748-5802.

The Belted Galloway Junior Association also has a page on beltie.org. Junior members are welcome to apply for semen through the semen project. The project provides current BGJA members (dues paid) with the opportunity to obtain semen from quality Belted Galloway bulls. The program helps to teach juniors the process of artificial insemination with heat detection, timing and procedures. Members learn management skills and the project encourages hands-on experience from initial breeding to the birth of a calf.

As a reminder, lease agreements must be on file with the CLRC by July 1, 2017.

## Online Registrations Now Available

We pleased to announce that the CLRC is now accepting online registrations on behalf of the Belted Galloway Society. Log on to [www2.clrc.ca](http://www2.clrc.ca) and establish your online account. Accounts will be password protected with Visa and Master Card accepted. Online registrations will be dated as received (on the day they are uploaded to the CLRC). Members may track the status of their order and dues can be paid online too. The CLRC will be updating their website and the changes will be ongoing.

Transfers of Belted Galloway cattle (already registered) must be submitted by mail. It is a requirement that the original registration paper must accompany the transfer documents.

DNA and hypotrichosis testing will continue to be handled through the Society office. To request the paperwork to initiate the testing, contact me Vic at [executivedirector@beltie.org](mailto:executivedirector@beltie.org).

No Longer just an Application for Registration  
New Access – [www2.clrc.ca](http://www2.clrc.ca)

The New Electronic services include more than just an Application for Registration. We have made it easier for you to log in. All the screens have been improved to prevent errors and to make it easier to fill out your applications. Some of our new services are available for all associations. See the New Services section below.

**Highlights**

**Save Time by Using the Electronic Application**

By submitting your applications electronically, you are saving the mailing time of sending your applications to CLRC. Once you press the 'Submit' button, your application is at CLRC.

Also, because the application is designed to prevent most simple errors, your applications can be processed more quickly.

Some data is filled in based on your CLRC account settings. For example, if you have a herd name, that will automatically be set in the animal's name.

Some data is carried over from application to application to save you time. This is especially true in the case of multiple births when the sire, dam and birth dates are all carried forward. Even in the case of single births, some commonly repeated data is carried over to the next application.

Give the new application a try. We appreciate your feedback. Note that many of the improvements listed below are based on your past feedback.

**Easy Log in**

**Local Desktop Access**

This application requires local access to your desktop to perform certain functions. This is a one time activity that does not require any Administrator privileges.

To allow this access please perform the following steps:

1. Click this link to download the local connector. ([Download Local Connector](#))
2. Run the downloaded file and follow the prompts.
3. Close this popup window to retry local desktop access.

"Local Desktop Access" pop up dialog box. Please click the link to "Download Local Connector" as indicated in Step 1. Then follow Steps 2 and 3. This installation is only necessary when using this New ERA Version 4 for the first time. It is a one time installation.

## The 2017 Spring Council Meeting

The Spring Council meeting was called to order at 8:30 a.m. April 22, 2017 in Fryeburg, Maine by President Greg Hipple (IA). Present were Bob Bickford (NH), Mike Crittenden (UT), Vice-President Lisa Lovett (IL), Michelle Ogle (NJ), Janie Tripp (MS). Also present was Executive Director Victor Eggleston (WI). Leanne Fogle (IL) represented the newsletter office. Absent: Jon Bednarski (KY), Jane Hemmer (GA).

**Secretary's Report.** Vic Eggleston communicated that membership totals during 2016 were 839 Regular, 134 Junior, 10 Associate, and 131 Life. Total memberships during 2016 were 1,114. The 2016 registration/transfer data included 307 Males, 973 Purebred Females, 166 Appendix Females and 1154 Transfers. Total transactions were 2,600.

**Treasurer's Report.** Vic Eggleston reported the Society has \$21,382 in checking, \$10,885 in savings, and \$134,339 in a certificate of deposit. Society assets total \$166,606.

**President's Report.** President Hipple welcomed everyone to Fryeburg, Maine. He reminded Council that the Annual meeting will be at World Beef Expo in September 2017. He presented a WBE flyer that the Society has sponsored for breed promotion during the event. Hipple also stated there is breeder interest in selling Belted Galloway cattle during WBE. Auctioneer Larry Martin is the contact person.

**Promotion and Advertising Committee.** The committee is seeking editorials to produce the *2017 Belted Galloway Journal*. Planning for the 2020 World Galloway Congress meeting to be held in Louisville, KY is on-going. Chairman Jon Bednarski will submit a draft of the budget and schedule at the 2017 Annual General Meeting in Milwaukee, WI.

**Beef Technology and Promotion Committee.** Dawson Masters presented the committee report recommending that all bulls be required to be DNA and hypotrichosis tested before registration. The committee also strongly recommended that all females be DNA and hypotrichosis tested. Council moved to accept the recommendation of the committee to require that all bulls be DNA and hypotrichosis tested prior to being registered that are born on January 1, 2018 or after. Council also moved that as of January 1, 2018 all donor dams must be hypotrichosis tested along with the required DNA testing. Council further approved that all semen used after January 1, 2018 (unless previously exempted) must be hypotrichosis tested. Council approved the listing of DNA and hypotrichosis testing on all registration papers being January 1, 2018. Council also requested that a list of sires and dams that have DNA tested to be listed on beltie.org on the semen and embryo page.

**Budget and Finance.** Council approved the 2017 budget.

**Chatfield Scholarship Committee.** Vic Eggleston reported that applications are due at the end of April 2017 and six requests for a scholarship application have been made.

**Executive Committee.** The contracts for the offices of the Executive Director and Newsletter were reviewed with Council.

**The Belted Galloway Foundation.** A standard form for the regional Belted Galloway Junior Association to use when requesting funding will be implemented. A request for funding from region 5 has been made during 2017.

**Belted Galloway Junior Association.** Council approved the request of Co-Chairman Janie Tripp for funding for junior programs up to \$2,000. Council also approved the order of BGJA logo items (clothing, caps or mugs) to be offered for sale on beltie.org.

**Newsletter Committee.** Council approved Chairman Leanne Fogle's request. As of April 1 of each year, newsletters will be mailed to current memberships.

**Show and Sale.** Council accepted the request Chairman Michelle Ogle to not hold a Premium Sale in Louisville during 2017. The committee also reviewed Appendix classes for steers. The committee recommended that no changes be made to the current rules. The rules state that if there are at least five purebred steers and at least five percentage steers then the steer classes will be divided. Council agreed that all purebred females (including mismarked purebreds) will show together in the same class. Council also moved to accept the following recommendation by the committee allowing the North American International Livestock Exposition to accept The Belted Galloway class entries for the open and junior show. The deadline will be October 1 for entry. Late entry will be October 15 with a late fee. NAILE will contract the judge. NAILE will continue to supply the announcer and ring man. If the breed numbers of cattle shown continue at 50 entries or more, NAILE will consider offering premiums to exhibitors at the 2018 show.

**Other reports.** Executive Director Vic Eggleston attended the annual meeting of the Canadian Livestock Records Corporation in early April. The CLRC currently stores 3.6 million pedigree records. He reported that online registrations are now available to the Belted Galloway Society membership. Online accounts are password protected with Visa and Master Card accepted. Online registrations will be dated as received on the day they are uploaded to the CLRC. Members can track the status of their order. Dues may be paid online too. The CLRC will be updating their website and ongoing changes will come in phases.

**New Business.** Council approved to advance uncollected Society fees to the CLRC. Council approved including *The Belted Galloway Society Handbook* in PDF format on beltie.org.

*This is a summary of committee reports at the Council meeting of the Belted Galloway Society. The official minutes are on file with the Executive Director.*

## 27th National Belted Galloway Sale

*Randy Hall, President of New England Galloway Group*

It may have been a cool, dreary weekend in Fryeburg, ME but that certainly didn't hold back the Belted Galloway faithful. Old and new breeders alike convened on the Fryeburg Fairgrounds to take part in the annual 27th National Belted Galloway Sale. The sale is held in conjunction with the Fryeburg Youth Show and Northeast Regional Jr. National Belted Galloway Show. What a special weekend it was!

The sale results are as follows:

11	Open Heifers averaged	\$2,281
3	Bred Females averaged	\$3,366
3	Bulls/Prospects averaged	\$2,300
11	Embryos averaged	\$ 573 per embryo
40	Straws of Semen averaged	\$ 71 per straw

The Sale offered 17 Live Lots and 8 Genetic Lots and totaled \$51,900.

For the first time ever, the Tyler Cup Award for the Highest Selling Open Heifer was a tie between Moonshadow Farms (ME) and Aldermere Farm (ME). Moonshadow Nina and Aldermere Dora each sold for \$3,000 respectively. Moonshadow Nina was purchased by the Romani Family of Harmony Meadows Farm (RI) and Aldermere Dora was purchased by Judy & Jessica Sartell of Dymonds Farm (PA).

The Highest Selling Bred Female in the sale was Pine View Blossom, consigned by Pine View Farm (ME). Pine View Blossom sold for \$3,800 to Marty & Janie Tripp of Magnolia Trace Farm (MS).

The Highest Selling Bull in this year's sale was Orion Detroit, con-

signed by Orion Farm (NH) and purchased by Morgan & Craig Badeau of Colby Woods Cattle (ME).

In addition to our sale, we also held a Silent Auction benefiting the New England Galloway Youth Group. We are proud to report that nearly \$1,750 was raised! This money will go towards youth events and awards throughout the show season. Thank you to all of those donated to this fundraiser and to Victoria Oatley for her efforts in organizing such a successful auction!

On behalf of the New England Galloway Group (NEGG), I would like to extend a special thank you to all of the people who make this event possible year after year - our consignors, our buyers, and of course, our volunteers. Additionally, we need to thank Scot and Chris Adams (ME), along with Dustin James (NY), for their hard work in managing the event.

We would also like to thank Thomas Carper (IN) for continuing to be our auctioneer of choice. He certainly adds another element to our sale. Additionally, we commend his wife Cassie Carper for all of her hard work with the DV Auction broadcast. It is a blessing to offer such a high quality option to our bidders at home. We have had more compliments this year than ever before!

The NEGG would also like to thank Diane Gushee (ME) for her efforts with the Northeast Regional Jr. National Belted Galloway Show and Fryeburg Youth Show. The youth of the Northeast are truly lucky to have such an incredible event to attend each spring. Diane's hard work and dedication is second to none.

With everyone's help we were able to hold yet another successful event and we look forward to many more years to come. We will see you all next spring as we hold our 28th National Belted Galloway Sale & 4th Northeast Regional Jr. National Belted Galloway Show!
